Microsoft Power Platform

Do more with less

Accelerate innovation and save up to 80% compared to other development platforms with the worlds most complete low-code platform

Drive more efficiency

Save on your integration and services costs
Use 800+ out-of-the box data connectors or create unlimited custom connectors to seamlessly integrate your systems.

Spend more time on higher value-added work
by automating repeatable, low value-added manual processes and workflows.

Reduce Costs

Save up to 80% while moving forward
Consolidate and modernize disparate systems onto one cost effective platform.

50% fewer agents needed
Empowering employees with industry leading AI and automation can lead to improved agent productivity

85% of US employees prefer an employer that upskills them

45% application development cost reduction

50% of digital work activities can be automated with current technology

140% Return on Investment (ROI) over three years

Don't take our word for it, learn from customers that are already saving with Power Platform
